

# BLISS HAIRDRESSING

## Further Wedding Information

**With all the choices & hard work involved for a bride in preparation for her big day it can be very confusing to know in which order she should start organising her appearance.**

All too often the hairdresser is consulted only after the dress & headwear has been selected, which means the hairstyle has to be created to work with what may have been an ill advised choice early in the planning stages.

**At bliss we are constantly asked the following questions by brides during their consultations:**

1. Should I wear empire line?
2. Should my hair be worn up or down?
3. Headdress?
4. Flowers in hair?
5. What will suit my skin tone - ivory or white?
6. Shall I change my hair colour?
7. Shall I have hair extensions?

These are questions your bliss bridal specialist will be able to answer.

Bliss salons have a wealth of experience of dealing with brides to be & should be the first stop on that all important to do list. Our hairdressers & make up artists not only take into account face shape, image & lifestyle, but discreetly note height, figure shape & personality when creating looks for our clients.

This is especially important for a bride to be, as our stylists & make-up artists, after a thorough consultation, will be able to diagnose & advise what will & won't work for her both visually & personality wise.

For example, a client who never wears her hair up may feel unconscious being more 'exposed', especially with basques or off the shoulder gowns.

Similarly 'natural' wash & go girls will feel uncomfortable with over-styled hair.

Bliss offers tailor made packages for brides & their parties. We have on our team professional photographic & stage make-up artists. A 'package' is designed especially for you & may include hair & make-up trials, a course of hair treatments, bridesmaids/friends on the day & even your pre- hen party pamper session.

Our hair extensions can now be applied in a variety of ways for brides to be, including 'weekend' long hair extensions which are applied in under an hour & removed in the same amount of time. See the [hair extensions section](#) of our website for more.

For more details contact us via our online enquiry form at [www.BlissHair.com](http://www.BlissHair.com) or call any of our salons to arrange for one of our bridal specialists to call you back & discuss your requirements. We can then arrange a face to face consultation & will design a specially priced package tailored to your needs.
